

## CWTS Effectiveness Statement 2021

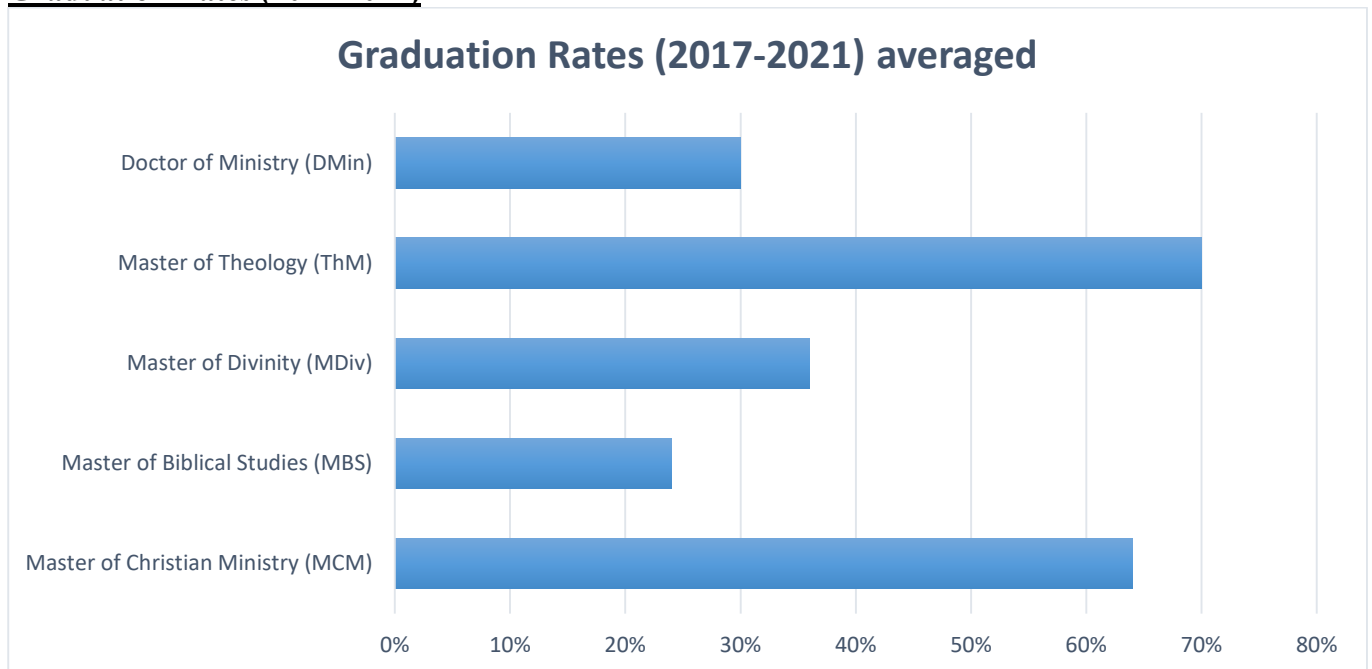

The faculty of Christian Witness Theological Seminary is committed to designing effective programs and their ongoing evaluation in accordance with the mission of the School.

The following show four areas of effectiveness: **(I) Admissions Rate (II) Graduation Rates (III) Graduate satisfaction (IV) Graduate placement.**

### **I. Admissions Rate (2018-2021)**

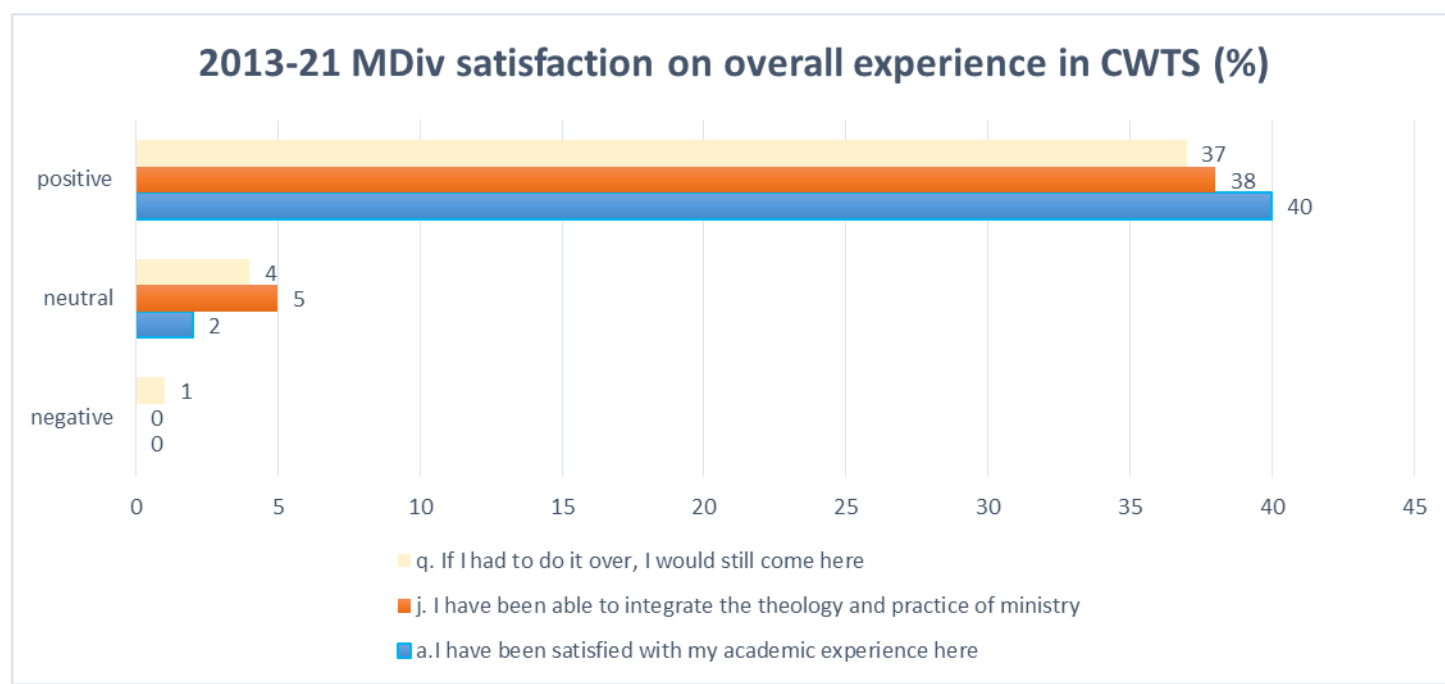

### **II. Graduation Rates (2017-2021)**

Programs	Graduation Rates (2017-2021) averaged	Twice the expected duration of program
Master of Christian Ministry (MCM)	64%	4 years
Master of Biblical Studies (MBS)	24%	4 years
Master of Divinity (MDiv)	36%	6 years
Master of Theology (ThM)	70%	3 years
Doctor of Ministry (DMin)	30%	6 years

Note: These show the graduation rates within twice the expected duration of the programs. The actual graduation rates were much higher than these; that is, most students took longer than expected to graduate, but graduated eventually.

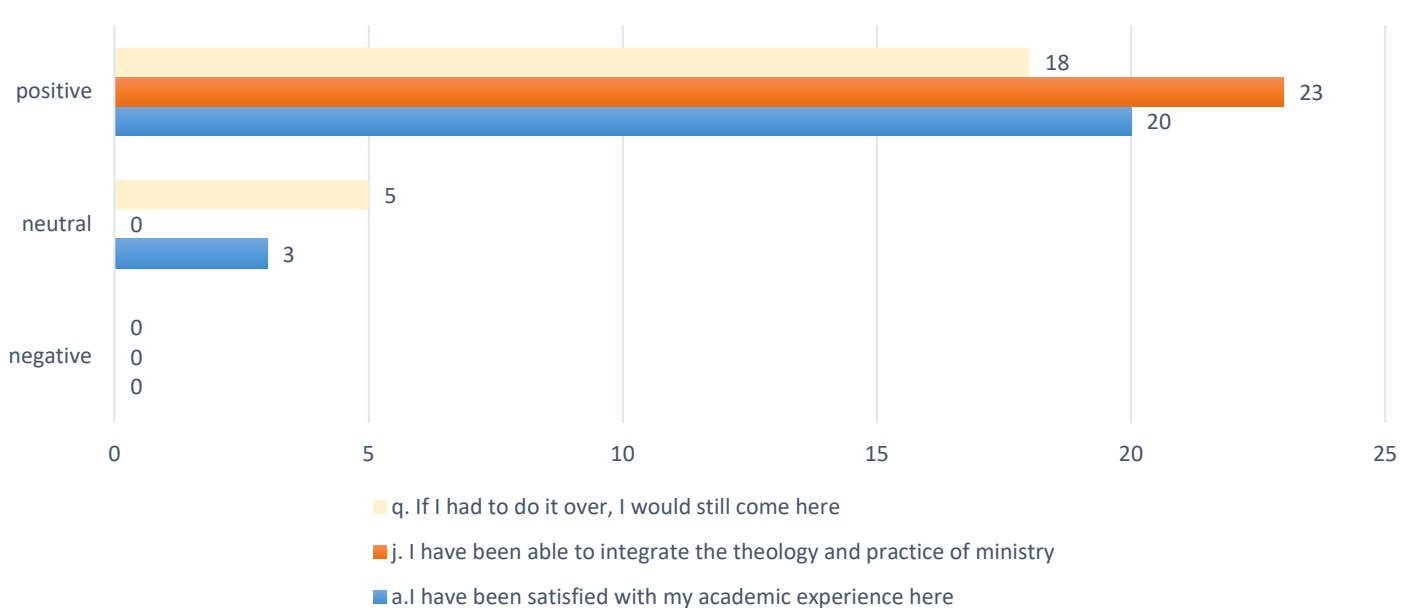

### III. Graduate Overall Satisfaction by Degree Program

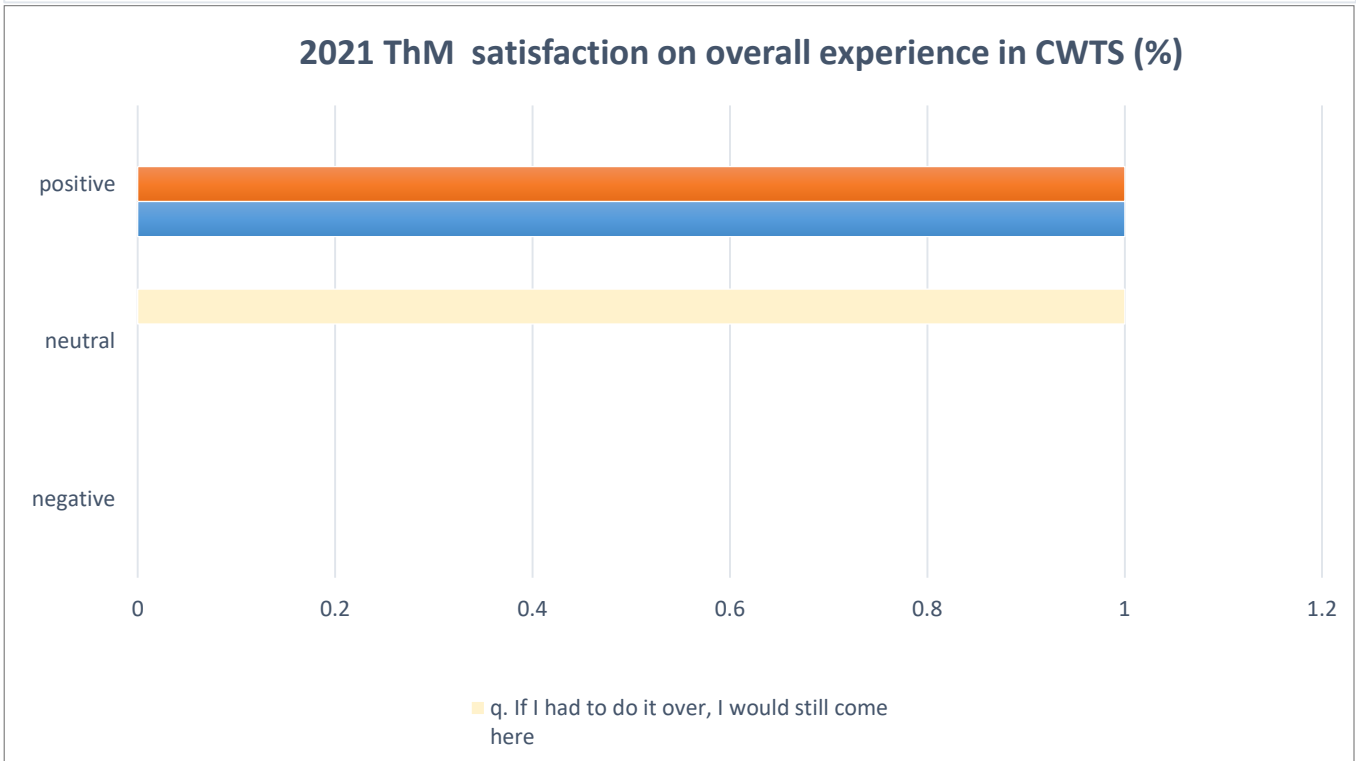

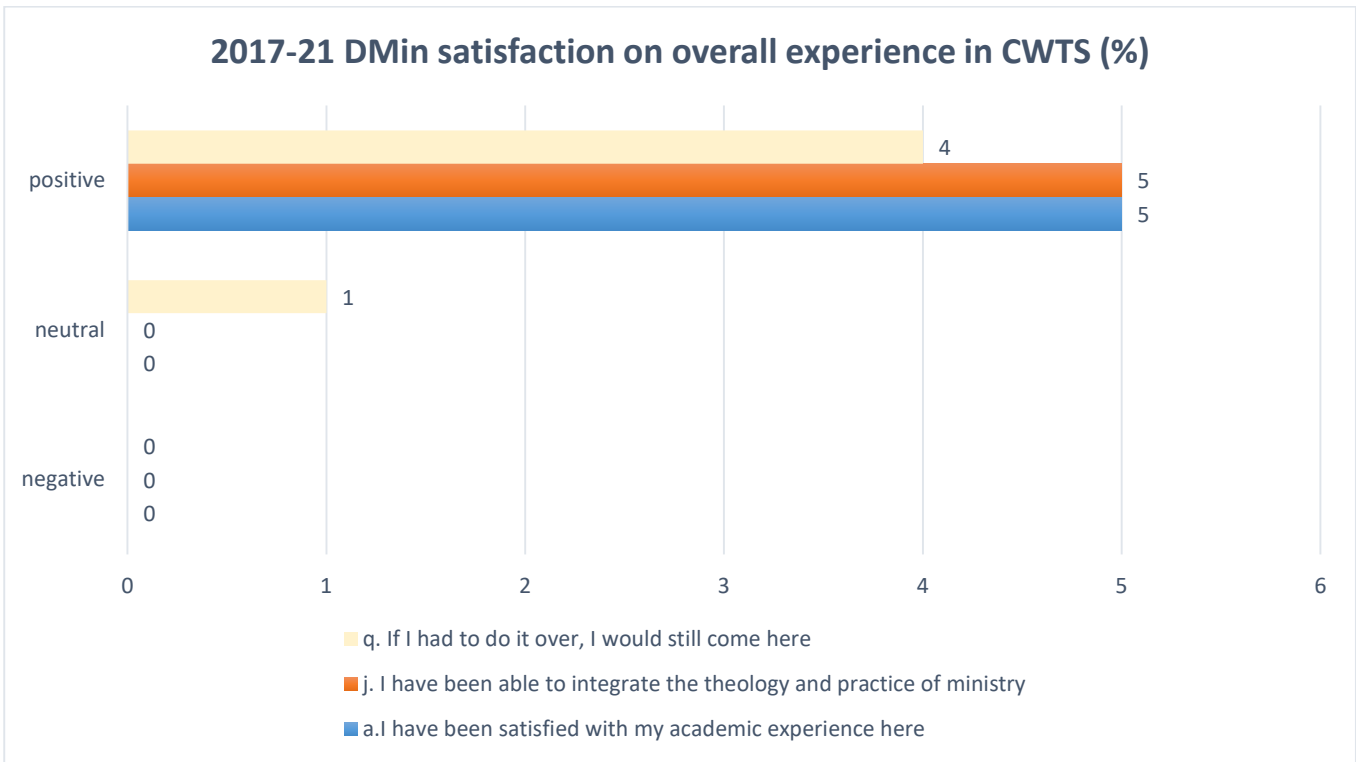

### 2013-21 MBS satisfaction on overall experience in CWTS (%)

### 2013-21 MCM satisfaction on overall experience in CWTS (%)

IV. **Graduate Placement (2020-2021):**
